ARIZONA MAKES BIG PREPARATIONS FOR STATE FAIR

Exhibits Are Being Collected; Interest in Poultry Displays Increases; Live Stock Raisers Are Enthusiastic.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL

Phoenix, Ariz., Sept. 27.—With the making of the Arizona State fair preparations hot together with other silver, more bitter, much interest is being taken in this year's fair. The office of Secretary Shaughnessy is being flooded with requests for catalogues, entry blanks and general information concerning harness events, general display space, etc.

The department superintendents have begun active work collecting exhibits for their different departments and they report that everywhere the people are showing greater interest than ever before, and prophecy that the exhibition buildings will be filled this year to their greatest capacity.

Will Hold Dog Show.

The dog fanciers of the state are taking considerable interest in the fair show to be conducted on the fair grounds November 14-17 by the Arizona Kennel club. In this department alone business houses and individuals have donated some eighty special prizes in the way of silver cups, medals, etc., one of the ablest show men of the country, Dr. Chapman, of Chicago, has been engaged as judge in this department.

In the poultry department the exhibition space has been doubled this year, and the interest manifested by the poultry raisers to date shows this year will undoubtedly be the biggest and best ever held in the southwest.

Large Livestock Display.

Numerous inquiries have been received from livestock raisers from all sections of the southwest for information concerning the livestock exhibits and unquestionably the display in this department will exceed anything heretofore held on the fair grounds. The cattle sheds are being moved from the west side of the grounds to a location north of the grandstand, where they will be conveniently arranged and where a judging ring will be constructed for the purpose of livestock judging.

In the harness racing department every-day mail brings in additional entries and visitors at the state fair will be sure to see the largest field of race horses ever gathered at one meet in Arizona.

Plenty of Amusements.

In the line of amusements the class of attractions engaged this year are of the very highest type. Each day before the grandstand will be seen such attractions as Wade & Zerao in acrobatic comedy, the Flying Girls in a thrilling, death-defying leap on a bicycle, a balloon ascension with triple parachute jumps, an aviator leaping the loop, and flying upside down and other events of the best character.

The entertainment of the events during the evenings of fair week the great Wortham shows have been engaged to show on the carnival lot downtown. This carnival company is one of the largest and best on the road, carrying forty-two carloads of very high class shows and attractions, the principal attraction being the Great Wortham's water circus, which alone employs thirty aquatic stars.

PIONEER WOMAN TO BE BURIED IN LAS VEGAS

SPECIAL CORRESPONDENCE TO MORNING JOURNAL

Santa Fe, Aug. 27.—Believing that its original resolution relative to the pending controversy between the railroads and their employees has been met, the grandstand will be seen before the grandstand on the following statement.

The first day of this commission is to the people, and we bid you bid the people and financial loss, connected with such a great catastrophe as that of a general strike of railway employees when the resolution was adopted. This commission had no intention to injure in any way the cause of organized labor, or in part to take any sides whatever in the controversy, my more than a prayer for peace, if possible, and it was our intent to cover the impression that we wished compulsory arbitration or compulsory arbitration laws, and we believe the purport of this commission has been misunderstood.

"We wish to convey to all concerned that it is fair and impartial arbitration that can be secured and the award conceded will be applied the neither side should have cause for complaint."

Sales Company Incorporated.

Santa Fe, Aug. 27.—The Manufacturers Sales company of Albuquerque filed incorporation papers today with the state corporation commission. The capitalization is \$25,000, of which \$5,000 is paid up.
